Narrative Statements / Detailed Notes:

I am writing this letter to explain the origin of the CAD $50,000 balance currently reflecting in my account statement submitted for my work permit application.

The amount of CAD $50,000 was gifted to me in cash and wire transfer by my uncle, Robert Smith, to support my relocation and settlement expenses in Canada. My uncle generously provided this money to assist my career transition.

Please accept this explanation as confirmation of my financial sufficiency. I do not have additional financial records from my uncle available at this time, but assure the officer that the funds are available for my use.
