Narrative Statements / Detailed Notes:

To the Attending Officer, I am submitting this Letter of Explanation to accompany my Study Permit application (Application #S304918274). The purpose of this letter is to provide full context regarding a lump-sum deposit of CAD $25,000 received into my TD Canada Trust account on February 10, 2024, as well as to clarify my career trajectory during 2022.

Regarding the lump-sum deposit, these funds represent an unconditional financial gift from my father, Arthur Doe, intended to cover my living expenses during my studies at the University of Toronto. Attached to this application is the official, legally binding Gift Deed executed on February 5, 2024, alongside six months of certified bank statements from Arthur Doe demonstrating the legitimate source of these accumulated savings.

Regarding my employment history, following the completion of my contract with Apex Tech Solutions in May 2022, I chose to take a planned break until January 2023 to prepare for my professional certifications. Official test registration records and certificates are enclosed for your review. I confirm all details provided herein are complete, truthful, and accurate.
